Our SAT/PSAT and ACT Prep Boot Camps are designed to provide students with the best test-taking strategies, techniques, and problem solving approaches. Our teaching-oriented approach will help students in the classroom as well as on their standardized tests. **Students will become more confident test-takers!**

Students will:

- ▲ familiarize themselves with the test format and scoring
- ▲ get “inside the heads” of the test makers to understand and identify the tricks, traps, and deception inherent in multiple choice tests, such as those on AP exams
- ▲ learn effective time management strategies
- ▲ learn how to answer questions most efficiently
- ▲ learn how to analyze answer choices to effectively eliminate incorrect answers
- ▲ learn how to avoid common mistakes that students make
- ▲ get a review of the most commonly tested concepts
- ▲ learn the most effective approaches for reading comprehension

On the ACT, students will learn how to approach the often intimidating science section.

Why students will continue to take the SAT, PSAT, and ACT

- They are not only applying to UC schools
- They are trying to get significant scholarships
- If they do well, it will be advantageous to submit scores to those colleges that are test-optional
- College course placement
